CONSTRUCTION UPDATE

Information discussed at our meeting this morning is as follows:

- Each week seems to get busier on the second floor (and other areas within the building!).
- Apartments on the first floor will need to have plumbing pipes put in their ceilings near the entry way. (This will be boxed in with a soffit.) At this point in time, it appears we will not need to do this for Garden Level apartments.
- We *anticipate* that our building will need to be vacated around the end of September.

IF THE CONSTRUCTION DUST BOTHERS YOU, PLEASE SEE MARILYN TO GET A MASK TO WEAR.

POLITICAL CAMPAIGNING

A brochure will be placed in your message box today or tomorrow about the "Dos" and DON'Ts" of political campaigning in our community. Because Christian Living Communities is a 501(3)c and is tax exempt, there are specific guidelines that must be followed so we don't lose that status. Please read this information *carefully!!*

NAIL CLINIC

The next clinic is scheduled for Wednesday, September 10. The sign-up sheet is posted.

HAVE YOU PURCHASED YOUR "BOOT"?

Each year about this time, we collect donations for the Alzheimer's Association. This year we are selling "construction boots" (imagine that!) for \$1.00, \$5.00 \$10,00 and \$25.00 to raise funds for this important cause.

Stop by the office to purchase your boot!

YOU WILL BE CONTACTED SOON!

Marilyn or Christine will come by your apartment soon to put a new plastic holder on your apartment door. In it we will put your DNR (if you have one), your medication list and instructions for fire and tornado emergencies. (They will also check to see how current your medication list is.)

GAME TIME

If you are bored in the evening, be sure to come downstairs and join residents who are working jigsaw puzzles and playing games.

MAINTENANCE REQUESTS

In anticipation of the changes at the Clermont Park campus, we are already sharing maintenance personnel with the nursing home. So if you have a maintenance request, please do not hesitate to let the office know since we have more maintenance staff to fulfill these requests.
